### BRAINERD DISPATCH TOBACCO TO FRONT

**American Tobacco Co. of New York Advises First Shipment of Tobacco Fund Kits on to France**

**Postals Acknowledging Receipt of Kits May be Expected by the Donors within 60 Days from Date**

\*\*\*\*\*  
New York, N. Y.,  
Oct. 11, 1917.  
The Brainerd Daily Dispatch,  
Brainerd, Minn.  
We are pleased to advise you  
that the first shipment of kits  
to our soldiers bought with con-  
tributions to your fund has  
started to France.  
Every kit contains smokes  
that will last one of our men a  
week. Owing to the well  
known transportation difficul-  
ties, you should advise your  
readers not to expect postals  
before sixty days.  
Let the good, great work go  
on. Our boys certainly need  
smokes.  
The American Tobacco Co.,  
G. W. Hill, Vice Pres.  
\*\*\*\*\*

"Plenty of smokes when they want 'em," is one good way to keep a regiment of soldiers happy and contented—at least so far as they can be really happy in the trenches. They are bucking a hard game, no matter how you figure it.

But tobacco is the big thing the boys are asking for in their letters home. There is plenty of French tobacco to be had—the kinky kind that has a peppery disposition—but a real American fellow can't seem to get used to it. He wants the good old brands he had at home.

And without them he isn't at his best. That's all there is to it. It seems as though Nature has put the "makin's of courage" into those smokes that just hit the spot.

The boys at the front are fighting for democracy and peace. You can do your bit at home by sending them their "pipes of peace"—by sending them a Brainerd Daily Dispatch tobacco kit packed full of "their kind" and enough for a good little while.

Twenty-five cents out of your pocket will provide a fat little kit full of about twice the amount of smokes you actually pay for. That's the arrangement we've made for you. And inside each kit you buy, is packed a return postal card, stamped and addressed to you, so that the man receiving it may write a message of thanks and a word or two of news from the front. These cards will be great souvenirs to keep after the Great War.

### Pass the First Billion Mark in Liberty Loan

(By United Press)  
Washington, Oct. 12—The first billion dollar mark will be passed in the liberty loan contributions today, but with less than half this officially reported Secretary McAdoo calls upon all the people, not the rich alone, for the hardest kind of work until the books are closed Oct. 27.

### World Series Detracts From Liberty Loan

(By United Press)  
Washington, Oct. 12—The world series is detracting from the interest which should be taken in the liberty loan, officials say, and urge the drive after the games are finished.

### May Play Game on Snow Shoes

(By United Press)  
Chicago, Oct. 12—The fifth world series game here tomorrow may be played on snow shoes, as the weatherman predicts unsettled weather and snow today.

### Only Fifth Subscribed

(By United Press)  
Washington, Oct. 12—Only a fifth of the liberty loan was subscribed during the first ten days, a big drive being planned for the last 16 days.

### MANY WOMEN IN WAR WORK

To Be Employed by Government Before Spring.  
Washington, Oct. 12—The government is preparing to call upon thousands of American women to play their part in the war.

Before spring, according to present indications, women will be needed in munitions factories, navy yards, ship building plants and many other lines of war industry. The Navy department, it is declared, stands ready to employ them in great numbers.

The navy already is employing more women than any other government bureau. The great clothing factories conducted by the department at Philadelphia and Charleston are run entirely by women.

### ENEMY SCHEME PROVES TRAP

Germans Stationed in Shell Holes Instead of Trenches Desert.  
With French Army in Flanders, Oct. 12—(By the Associated Press.)—The new system of front line defenses inaugurated by the Germans, who, instead of utilizing line trenches, organized nests of shell holes, proved a regular trap in the battle just ended.

The German troops who occupied the craters without other shelters when they found during the fighting that their officers were not with them, not having immediate oversight, deserted as soon as the French approached. The German officers meanwhile were sheltered in concrete pill boxes further to the rear.

JUDGE JOHN F. M'GEE  
Takes oath of office as the Minnesota fuel administrator.

The appointment of Judge John F. McGee of Minneapolis as Minnesota fuel administrator has been announced by Dr. Harry A. Garfield, Federal administrator. Judge McGee has taken the oath of office. Action on the appointment of anthracite coal for the Northwest was temporarily delayed. Arrangements for bituminous coal were made.

### All First Objectives Taken in First Dash Tremendous British Drive

With the British Armies in Flanders, Oct. 12—All first objective points were swept over and taken in the first dash of another tremendous British drive here today, and the victory was achieved in spite of the fearful state of the ground which was literally an ocean of mud through which the advance Tommies marched. Gen. Haig's attacking waves have now reached within a short distance of Passchendaele.

### Second Severe Blow Allies Have Dealt Holland

(By United Press)  
Amsterdam, Oct. 12—News that the British government had terminated all commercial cable communications between England and Holland until Holland makes effective and complete the embargo on certain war materials to Germany was received with great uneasiness here. This is the second severe blow the allies have leveled at Holland in an attempt to cut off Germany's supplies.

### May Lose Deposits

(By United Press)  
St. Paul, Oct. 12—The state banks in Minnesota showing a disloyal attitude toward the Liberty Loan may lose their state deposits, the state deposit board having adopted resolutions favoring such action.

To pave Oak street with cement from the Northern Pacific railway crossing near Tenth to the culvert east of 19th street is the laudable ambition of P. M. Zakariasen and he started the ball rolling this morning when he headed a petition to that effect with his name.

The petition provides that those signing will give the city sacks of cement to be used in paving the thoroughfare from tracks to culvert during the season of 1918.

Mr. Zakariasen leads off with 40 sacks of cement to be devoted to the cause.

This section of Oak street is really in a deplorable condition and no good advertisement for a city. In all the stretch of state highway and Elwell road from Pillager to Walker there is nothing to compare with Oak street. The country highway is kept in shape like a ball room floor while Brainerd's street, a thoroughfare constantly traveled, is permitted to lapse into a miserable state of affairs.

Some automobile drivers avoid Oak street entirely as the fine rock cuts up their tires.

### REPORTS WERE FALSE

**La Follette So Terms Press Articles on St. Paul Speech.**

Denies He Stated in Address That United States Had No Grievance for War.

Washington, Oct. 12. — "Grossly false" is the term used by Senator La Follette referring to press reports of his St. Paul speech, in a letter to the senate committee investigating the matter, and which presented to the committee a transcript of the speech. In his letter to the committee Senator La Follette denied reports that he said this country had no grievance for war and asked for an opportunity to examine witnesses before the committee and to present his own testimony regarding any statements of fact questioned.

"Permit me to say," wrote La Follette, "that if it is the purpose of the committee to make an investigation as to any statement of fact in the speech, that I request that the committee advise me what statement of fact is called into question and in what respect its correctness is questioned. Furthermore, if any issues of fact are to be raised by testimony concerning any statements in the speech, then I ask to be accorded the right to question anyone so testifying and that I be permitted to call witnesses to meet the testimony which may be so offered."

In his letter Senator La Follette also expressed a desire to aid the committee as far as possible.

### MILLION LOST BY AUSTRIANS

**Men and Guns Destroyed and Captured By Italians.**

Washington, Oct. 12. — Austria's losses in killed, wounded and prisoners on the Italian front during the recent Italian offensive amounted to 1,000,000 men. Austria lost in addition practically all her machine guns on that front, according to semi-official dispatches from Rome.

An Italian military critic stated that Austria-Hungary has about 3,000,000 soldiers altogether on the Italian front.

## ANOTHER TREAT BRAINERD WOMEN

Special Meeting for the Women at the Tabernacle, Different in its Nature From Others

LARGE NUMBER LOOKED FOR

Miss Cain's Sunday Afternoon Message at the Methodist Church Considered Important

At the tabernacle Saturday afternoon there will be another treat for the women of Brainerd.

There have been held hitherto some special meetings for women only but this one Saturday will be a bit different in its nature.

MISS CAIN of the Bromley Party

It is hoped that a larger number will be present and that the same enthusiasm will be manifest.

In fact every afternoon there is something special at the tabernacle. The Bible classes are growing in interest and Brainerd needs a real revival in Bible study.

Miss Cain will speak at the Methodist church Sunday afternoon at 2:30 o'clock. She considers her message for Sunday afternoon one of the most important for the women of the city.

Brainerd is in the midst of a great awakening and certainly our Christian women should rally to this opportunity.

## TO STUDY IN SOUTH

Miss Gladys Nitterauer to be Pupil of Cornelia Overstreet in Kentucky

Miss Gladys Nitterauer left yesterday for Louisville, Kentucky, where she will continue her musical studies under Cornelia Overstreet.

Miss Overstreet is well known in the south and east as a concert pianist and teacher, having played successfully with the New York Symphony orchestra, Russian orchestra, Boston Symphony orchestra and others.

She studied eight years with the world's greatest teacher, Leschitzky, in Vienna, after studying in Berlin with Rutcherson and in Paris with the great composer, Moszkowski.

Miss Nitterauer is fortunate in being able to study with this noted artist who has brought to America high testimonials from Europe.

This season Miss Overstreet will limit her pupils to six only.

## STORING MANURE FOR THE GARDEN

By LIMA R. ROSE.

A common practice is to manure the garden every year, late in the fall or before planting in the spring, no further attention being given. This practice, however, is not the best.

The manure for the garden should be kept in a large box with a lid or so screened that flies cannot enter it. Manure heaps are the natural breeding places of these pests and if they are allowed to remain near the house uncovered will prove a great nuisance.

A good plan is to use a very close wire screen nailed to a frame with hinges for the top. The manure should be spaded often on the top so that the water from the clouds or the sprinkling pot may penetrate to all portions of it.

If kept in a box a spout should be placed in one corner, at the bottom, so that the water may drain into a sunken barrel.

This will supply liquid manure, which can be used at all seasons when vegetables and flowers are growing. The manure in the box should be worked over once or twice a month, working the bottom on the top so that the entire heap may rot.

Manure may be kept in this way if the boxes are placed at the farthest end of the garden, and if surrounded with vines their presence will never be noticed from the dwelling.

## VAN VLIET PLAYS TONIGHT

Great Dutch Cellist Who Won Laurels in Europe at Elks Hall Auspices Musical Club

Cornelius Van Vliet, great Dutch cellist, will give a recital this evening at Elks hall under the auspices of the Brainerd Musical club.

He gained laurels in Europe and press tributes there are unanimous in according him high praise for technique, purity of tone.

The Neue Freie Presse of Vienna states that he "has perfect command of technique on his instrument, bringing forth a broad, rich, singing tone."

The Vienna Sonn-un-Montags Courier refers to his magnificent tone and brilliant technique which pleased the audience immensely.

The Leipzig General Anzeiger said he played "with excellent taste and technique."

The Paris LeCourier Musical said he "played with fire, temperament and emotion the wonderful concerto of Saint-Saens. This young virtuoso proved himself a rare artist, a finished musician and cellist, producing a tone sonorous and mellow."

The Minneapolis Journal says that Van Vliet must be ranked with the foremost virtuosos on the violinello. The depth, clarity and refinement of tone and mastery of every department of his art is amazing. He possesses also the rare faculty of finding his tones without sliding over the strings, in itself a technical feat.

The people of Brainerd will have an opportunity this evening of hearing a 'cellist who has been heard in concert with Tetrazzini, Mary Garden and other artists of the first order. Cornelius Van Vliet has convinced music critics all over this country and Europe that he is a brilliant executant on the cello and a scholarly interpreter of music.

His accompanist, Harris Wall Johnson, was heard in Brainerd two years ago and is remembered as a master pianist.

The Brainerd Musical club is fortunate in finding it possible to bring such musical artists to our city and it is hoped that a great many music lovers will avail themselves of this opportunity to hear the best in music this evening at Elks hall.

## At the Best Tonight

Taylor Holmes, the stage star, is making his debut as a screen star in "Efficiency Edgar's Courtship," an Essanay comedy-drama.

Mr. Holmes, perhaps, is the best known comedian on the speaking stage. His latest success, "His Majesty Bunker Bean," sent a ripple of laughter across the continent and broke all records as a hit in New York and Chicago. He previously scored heavily in "The Third Party," "The Commuters," "The Million," and other popular plays.

There is a finish to this actor's work which is seldom to be found on the screen. He is a master of facial expression and is possessed of a personality which wins the spectator from the start. His characterization of the whimsical Edgar of the picture is delightfully perfect.

Mr. Holmes won his fame on the stage by his clever portrayals of sublimous roles, and Essanay has been careful to provide him with exactly the same type of "Efficiency Edgar's Courtship." The picture was adapted from the story of that title written by Clarence Budington Kelland.

Edgar is an aggressive youth, who reasons that if efficiency methods win success in business, they should be equally successful in winning a maiden's heart. He tries it and succeeds, though not until he has weathered a series of setbacks which would squelch any ordinary young man's budding love.

The picture is brimming with homely humor and situations which are ridiculously real. Essanay has not spared money in its staging, as the scenes are lavish. The photography is excellent. On the whole "Efficiency Edgar's Courtship" is one of the best comedy-dramas that has adorned the screen in some time.

## Judah Touro, Most Liberal Man.

The Jew who contributed \$10,000 to the completion of Bunker Hill monument was Judah Touro, one of the most liberal-minded and public-spirited men of his day. He was born in 1775 at Newport, R. I., where his father was rabbi of a Jewish church. The son became a prosperous business man and was living in New Orleans when the War of 1812 began. In 1815 he served as a volunteer in the battle of New Orleans, and was wounded. After the war he accumulated a fortune, which he dispensed liberally. Among other things he donated of valuable property in New Orleans to the First Congregational church to erect a building on, and at his death, in 1854, he bequeathed the greater part of his wealth to charitable institutions.

# WILL SHOW WAR TIME COOKERY

Miss Poulter, District Home Demonstration Agent, Five Days at High School

## PROGRAM GIVEN IN DETAIL

Wheat Substitutes, Meat Substitutes Preservation and Use of Fish, Etc.

The U. S. Food Administration backed by the Agricultural Extension Division of the State University, as a preliminary measure in training the women in food conservation is sending Miss Poulter, district home demonstration agent, who will give a short course in war-time cookery under the auspices of the local food conservation committee for five days next week at the high school, from 2 to 4 P. M.

Every woman in Brainerd should enlist in the food conservation campaign. The U. S. government is not a free government in the sense that it is no government. We are not all free to do as we please. We are a government. We are a government of, by and for the people in which the majority rules. We ourselves, call upon ourselves to feed our boys and our allies, who are fighting our battles, as well as to feed ourselves. There is just so much to go around. Any woman who refuses to enlist or who talks against it, stamps herself as ignorant, selfish, pro-German or disloyal.

The program for next week's course follows:

Monday—Wheat Substitutes, Liberty Breads.

Tuesday—Meat Substitutes.

Wednesday—Preservation and Use of Fish.

Thursday—Conservation of Fat and Sugar.

Friday—Adequate Feeding, Feeding for Health.

# LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## THE LIBERTY LOAN

"The money raised by the Liberty Loan is to be spent in this country.

"The money they borrow abroad can serve only to pay for goods and services. If our Allies carried away the money they borrow from us, they would be under the necessity of sending it back again. And as matters stand, the principal source of goods and services is the United States.

"The farmer is expected to subscribe and the government in turn expects to buy heavily of the products of the farm.

"Capitalists and laborers in the textile and the leather industries are expected to subscribe to the loan, and much of the loan will be expended on army uniforms, tent cloth, shoes and harness.

"Financing the war means turning over to the government goods and services in exchange for the government's promise to pay. Not the rich alone, but the poor as well, not the centers of trade alone, but the regions of primary production as well, are under obligation to help finance the war.

"When a man of small incomes uses some part of it to subscribe to the loan, his contribution to the national power is immediate.

"When a rich man invests of his income in the loan the result is less direct. He refrains from buying

paintings and statuary, he builds less expensively, entertains less lavishly. All this releases few products for use in war. But the purchasing power he places at the government's disposition represents an additional demand for labor in the production of war goods.

"Rich and poor alike must serve the loan, if the government is to have at its command the goods and services required to win the war.

"Rockefeller may own a billion dollars' worth of property but with the best of will he could not contribute a billion to the war loan. The sale would have absorbed other persons' purchasing power to the extent of a billion dollars and these other persons would have been placed in a position in which they could not subscribe to the loan. Rockefeller can put into the loan no more than his annual income—or so much as is not required for indispensable capital extensions.

"What this means is that the war is to be financed, not out of the national capital of \$200,000,000,000 the greater part of which may be held by the minority, but out of the national income of \$40,000,000,000 the greater part of which is received by the majority. After all, not more than ten billions of our national income goes to families having above twenty-five hundred a year or more."

## TRAINMEN SEEK WAGE INCREASE

Passenger Men On Eastern Railroads to Present Demands December 1.

## ARE TO ACT IN UNISON

Four Big Brotherhoods to Act Jointly If Demands Are Agreed Upon At Ottawa Convention, Oct. 16—Higher Living Cost Basis of Plea.

New York, Oct. 12.—Representatives of the Brotherhood of Railway Trainmen and the Order of Railway Conductors have notified railroads operating east of Chicago and north of the Potomac river that demands for an increase in wages will be presented to the roads December 1, the demands to become effective January 1, 1918.

To Ask 25 Per Cent Increase. The demand probably will be for a 25 per cent increase, Vice President W. N. Doak of the trainmen admitted here. Increased living costs without any wage increase since the war opened will be the basis for the demand.

The first outright move toward opening negotiations with the railroads by the Big Four organizations may be taken at the joint meeting of eastern district conductors and trainmen at Ottawa, Ont., Oct. 16. The high cost of living and wage questions will be discussed at this convention.

To Act in Unison. If agreed upon, the demands will be made by the conductors, trainmen, firemen and engineers' organizations, acting in unison.

The passenger train employees' demand comes five months after the settlement of the threatened strike of freight train crews which was ordered but rescinded when the railroad companies agreed to accept the Adamson eight-hour law.

Freight Men Won Raise. This law was passed in September, 1916, when a nationwide strike of freight men was first called. The act provided that such employees should receive the same pay for eight hours work as they then were receiving for 10 hours, which arrangement should continue for a specified period, after which a federal commission should prescribe the rate of their pay.

The railroads refused to obey this law when it took effect Jan. 1, 1917, bringing test suits in the courts. The companies accepted the law in May without waiting for a decision from the United States supreme court. Shortly afterward the court rendered a decision sustaining the validity of the act.

## SHIP TAKEN WITHOUT A SHOT

Austrian Destroyer Surrenders to Italians.

Washington, Oct. 12.—A Rome dispatch to the Italian embassy announces that an Austrian torpedo boat destroyer had been captured by the Italians in the Adriatic. The Austrian crew surrendered without firing a shot.

13 Submarines Sunk. New York, Oct. 12.—Il Progresso, an Italian newspaper published in New York, has received a cablegram from its special correspondent at Rome stating that 13 Austrian submarines have been sunk in the Adriatic during the last few weeks. The dispatch gives no details.

## TAKEN FOR SMUGGLING

Three Men Held Following Finding of Tungsten on Ship.

Was Concealed Under Floor on Swedish Ship and Was Intended for Germany.

New York, Oct. 12.—Harold A. Content, assistant United States district attorney, says the arrest of three men here on charges of attempting to smuggle tungsten to Germany on the Scandinavian steamer, United States, was "equivalent to the sinking of ten German submarines."

One of the men arrested was Fritz Oerundal, a steward on the United States. Federal agents say they found on him a brass check for a suitcase which, when located, contained 40 pounds of tungsten, and that a search of the liner brought to light 160 pounds more concealed under a stateroom floor.

The other two men arrested were W. J. Adams and Robert Collins, both Swedes, partners here in a Swedish bookstore, to which Oerundal made many trips while under the surveillance of government agents. When arraigned they were held in \$2,500 bail, while Oerundal was held in \$3,500.

The illicit export of the metal, presumably for Germany, has been going on for some time, the United States attorney announced.

## TO REGAIN WEALTH FROM SEA

Invention by American Designed to Raise Torpedoed Ships.

New York, Oct. 12.—Millions and possibly billions of dollars worth of treasure now lying on the ocean floor in sunken ships partly as a result of Germany's U-boat campaign may be regained to the world by the "Cannon Ball Submarine" invented by W. D. Sissen, an American engineer.

The new submarine resembles a huge cannon ball, eight feet in diameter. The shell is made of tough vanadium steel, 11.4 inches thick and weighs, with the machinery inside, six tons.

The submarine works by maneuvering huge steel pontoons alongside the sunken vessel, bolting on the pontoons and then releasing the mechanism which pumps the pontoons free of water and thus raises the ship.

Kaiser's Tutor Dies in Waterville. Waterville, Minn., Oct. 12.—Rev. Ezra P. Chittenden, tutor to Kaiser Wilhelm during his student days will be buried at Waterville, Minn., Saturday. Mr. Chittenden took theological work at the University of Bonn in 1879 and was a fellow student of the Kaiser. He tutored him in several subjects. He always declared the Kaiser was popular then and a thorough student, especially in military branches. He was superstitious, Mr. Chittenden said, because of his withered arm. Mr. Chittenden is well known in this city.

# Help Your Boy Win the War!

YOUR boy is leaving to fight for you at the battle front. He is leaving father and mother, wife and friends. He is giving all that he has to give. He is giving it for *you*—your life—your freedom—your liberty—your America!

Will you stand back of him?

Buy a Liberty Bond so there will be plenty of shells to provide a curtain of fire behind which he may advance.

Buy a Liberty Bond so he may have good food, warm blankets, clothing and shoes.

Buying a Liberty Bond does not mean *giving* your money. It means *loaning* your money and receiving every cent of it back with 4% interest.

Liberty Bonds are backed by all of the resources of the richest government in the world and are the safest investment man has ever known.

Purchases of Liberty Bonds up to \$5000 are exempt from government taxes.

Liberty Bonds may be purchased in any amounts in units of \$50. The share of every American family on the Second Liberty Bond issue is \$150. This makes \$250 for the two issues.

You can buy Liberty Bonds on easy payments as follows:

	\$50	\$100	\$500	\$1000
Bond	Bond	Bond	Bond	Bond
On Application	\$1.00	\$2.00	\$10.00	\$20.00
November 15th	9.00	18.00	90.00	180.00
December 15th	20.00	40.00	200.00	400.00
January 15th	20.00	40.00	200.00	400.00

Plus accrued interest to be settled with final payment January 15th.

Don't wait for someone to ask you to buy a bond. Go at once to your nearest bank, post office or department store and subscribe.

If you do not furnish your troops with the sinews of war, and thereby allow the German armies to conquer, the fate of your home will be that of the homes of Belgium, and your money will be taken from you by force.

Today you have a choice between this awful condition and an opportunity to live in peace and Liberty in a prosperous nation. If you do not act today it may be too late.

The wind whistled around the big meeting house last night tearing at the paper sheeting, shaking the doors, rattling the windows and searching out every crack and crevice. Yet the building was comfortable and the audience crowding within the middle parquet just snug-gled down and forgot wind and weather and listened to the stirring words of the speaker. It was a great night within the big enclosure, and no slackers present.

Tonight is high school night and the high school students are going to be present and the meeting house is going to be turned over to them for this special time. Supper will be served them in the Chamber of Commerce rooms and from there they will walk together to the tabernacle. Where high school students are, there is plenty of life and the public is invited in to get acquainted with the good cheer and vigorous spirit of Brainerd's young manhood and womanhood. It may be frosty outside but there'll be no chance for frost within tonight.

There is a group of business men who are making tentative arrangements for a series of noon-day lectures to be given by Dr. Bromley next week. These lectures would be on fundamental theological themes and would be of great interest to all business, professional and other men. The plan if carried out would be for a noon-day lunch at some convenient hall where the men of town could secure their lunch for a nominal cost and immediately following the lunch listen to the lecture. The evangelist has a series of such lectures which he has given in other cities and they would prove as beneficial and interesting here as elsewhere. Advantage would thus be taken of his presence in Brainerd to give our own citizens the benefit of them.

Representatives of the different missionary societies and ladies' aids were present in a special delegation last night. They marched up the long aisles to the tune of "Onward Christian Soldiers," and took their places in the front section. The rawness of the night and the unpreparedness of the people for winter weather put a crimp in the size of the delegation but did not dampen the ardor of those who braved the fierceness of the storm.

There was a union prayer service this morning at the Bethlehem Lutheran church led by Dr. Bromley. These union prayer meetings have been of the deepest interest and the one this morning was no exception. The evangelist has emphasized the ministry of prayer as well as the ministry of preaching.

The sermon was on the text Mark two twelve, "We never saw it on this fashion before." This has been the trouble with Brainerd, the newness of this union of the churches in cordial agreement and good will has brought amazement and people say they never saw it on this fashion before.

One of the finest signs of the times is when church people get converted, get right with God and their fellow men, and there is nothing that brings the world to itself more than for church members to get in right relationship with God. There are some reasons why men should turn to God, among these are: They would be of great help to the church. Man owes it to himself to be a

## SELECT EXHIBITS FOR POTATO SHOW

St. Louis County Will be Well Represented at the Show in Brainerd December 6 and 7

### MIDWAY CLUB MEMBERS BUSY

A. B. Hostetter's Office Looks Like a Vegetable Garden, Exhibits Stacking Up

(Duluth Herald)  
Members of the Midway club, an organization of farmers in the vicinity of Adolph and Munger, are selecting their potato exhibits for the show to be held by the Minnesota Potato Growers' association at Brainerd next month. Enough exhibits have been sent in to the office of A. B. Hostetter already to make the place look like a vegetable market.

Farmers are selecting the exhibits as they dig the crop and also are holding out good specimens for seed for the next crop. According to Mr. Hostetter, some fine-looking specimens are being saved.

Those who have already sent in their exhibits are J. Missy and Elias Svenson of Hermantown, P. A. Nelson and G. N. Johnson of Munger and Ernest Zebott of Adolph.

The potato exhibit will be held in connection with the meeting of the Northern Minnesota Development association, Dec. 6 and 7, and the Potato Growers' association meeting at Brainerd on the same dates.

christian. The positive declaration of the Scripture is that man is either going to heaven or hell. How he lives here in this world determines the place to which he goes. Nor can man get into heaven unless he conforms to the conditions of entering there. The open sesame is the new birth. Man must be born into that spiritual world as we are born into the physical world so must we be born into the spiritual world. Nicodemus did not understand it till he had his spiritual eyes open and his spiritual discernment quickened by contact with Christ.

Frequently we meet with the I'm-doing-my-best lie and I'm-not-such-a-bad-fellow and I'll-take-my-chance-with-the-next-man. If a man is doing his best he will become a Christian. The man who says he is not such a bad fellow simply does not realize that "badness" in the sight of God is not accepting the plan God has offered and rejecting the Saviour. Herein lies superlative wickedness beside which any other sin pales into insignificance.

When Uncle Sam goes in to fight on the Flanders line something is going to happen. It marks the beginning of the end. It is a great thing to fight under a great general and for a great cause. Greater still it is to fight under the banner of the captain of our salvation and for the redemption of the souls of mankind. For a man to let himself be dominated by wrong is weakness. Right girds a man's loins with strength and courage.

Another reason why you should become a Christian is because of duty. Some may say I-don't-feel like getting up in the morning and building a fire when its twenty below but the duty involved demands it.

To refuse to become a Christian is the essence of all wrong. Unbelief is the great sin of the day which damns body and soul in hell. Unbelief is founded on a lack of appreciation for what God has done for the eternal welfare of man. When we get our conception of christianity from some rascal who may have used religion as a cloak is but to make fools of ourselves. Christ said, "Look unto Me and be ye saved." When we straighten the kinks out of our own lives things will come clear.

No man can understand the kingdom of heaven until he has been taken into its secret. The new birth is the initiation that is necessary.

A man is lost-sided until he has become a Christian. The body may be developed and the mind may be trained but if the soul is left out of account the man is abnormal and undeveloped. Yield to Christ as the patient yields to the physician for an operation and become obedient to His will and the whole plan of God for the soul will become clear.

## CITY OFFICERS TO BE AT ST. CLOUD

League of Minnesota Municipalities to Hold Fifth Convention There Oct. 17 and 18

### PRES. BURTON IS TO SPEAK

Pres. Hardie of Union of Canadian Municipalities One of the Prominent Speakers

When the League of Minnesota Municipalities determined to devote this year's convention largely to war topics they went in search of a big speaker who could tell from experience how the war affected municipal life and government. So they decided to bring a man from Canada, and the man they have secured is Mayor W. D. L. Hardie of Lethbridge. Mayor Hardie is not only the chief executive of one of the liveliest cities of western Canada, but he is president of the Union of Canadian Municipalities as well. As such he has first hand information that he can give to Minnesota municipal officials when he meets them at their St. Cloud convention October 17 and 18. Mayor Hardie is scheduled to address the convention twice, once on the subject "The Importance of Municipal Government in National Life," and again on the question "Which Shall It Be—'Kultur' or 'Civilization'?"

There are other speakers on the program who will give the municipal officials valuable messages. The food situation will be dealt with by A. D. Wilson, Minnesota Food Administrator, and by Judge Frank T. Wilson of Stillwater, who will discuss "Municipal Markets."

Public finances and revenues will be the subject of addresses by Samuel Lord of the Minnesota Tax Commission and State Auditor Preus. President M. L. Burton of the University of Minnesota will tell the delegates of "Changes Ahead" which he can see. Chas. C. Stillman of the United Charities of St. Paul will speak on "War Relief and Home Work."

Besides these subjects there will be many committee reports on problems of municipal government, and a roll call in which each city and village will tell its achievements and its problems.

St. Cloud is preparing to entertain the delegates with a luncheon at the state reformatory and with a smoker. These will not interfere with plans of the delegates to be at work during the morning and afternoon and evening of both days of the convention.

### BRAINERD'S ODDEST STORIES OF TODAY

Winter at this time of the year is "Schrecklichkeit" worse than the Germans can manufacture.

Palm Beach covers have been added to the seats of Joe Midgley's car.

It takes a Brainerd garage to spring something new. Down at Rosko Brothers they have a swell player piano. When you wait for your car somebody plays a two step. If you feel grouchy they play a nice fox trot. While you have your car attended to you are regaled with the choicest of music, classical, rag time, popular. It's all there. Take a look at the garage yourself and be convinced.

### SCHOOL DISTRICT NO. 86

Town of Rail Prairie, county of Morrison, state of Minnesota.

We, the undersigned school board of said district, do hereby agree to receive sealed bids for the erection of a new school house on section 12-122-38 at 1 o'clock P. M. on the 15th day of Oct., 1917, at the school clerk's office at Ausland, Minn., according to plans and specifications. The building must be completed on the 15th day of Dec., 1917. There will be a blue print with specifications at the First National bank at Little Falls, Minn., one at First National bank at Brainerd, Minn., and one at the school clerk's office at said place.

All bidders will be obliged to furnish all material, with a certified check of 4% of the actual cost of the building. The board reserves the right to reject any and all bids.

### Women Have Their Troubles

Not only middle-aged women, but younger ones, too, suffer from backache, pains in side, swollen ankles, sore muscles, rheumatic pains and kindred ailments without knowing that these are most often the result of deranged or overworked kidneys. Foley Kidney Pills are good medicine for kidney trouble. H. P. Dunn, druggist.—Adv.

## AFTER THEM WITH CLUB IF NEEDED

Crosby, Minn., Oct. 12.—In response to a call from A. J. Hayes, cashier of the First National Bank of Crosby, chairman of the Liberty bond committee for Crow Wing county, delegates from all but two township and city boards met in the Crosby armory and formulated plans for selling the bonds.

All were enthusiastic, especially a delegate from one of the townships north of the Mississippi river, who stated he thought he was the only one on his board who would help the bond issue, but that he would find out what ailed the rest of the board if he had to use a club.

His remarks were cheered by the sixty odd men present and plenty of help was promised if the balance of his township board proved slackers.

## J. C. HESSEL PASSED AWAY

J. C. Hessel of Gresham, Oregon, a former well known resident of Brainerd, died Tuesday morning. He leaves a wife, son Will and daughter Grace of Gresham; son John Hessel of St. Cloud; daughter, Mrs. Wm. Halvorsen of Pequot; step-daughter, Mrs. E. L. Guin of Brainerd.

Mr. Hessel had been in the agricultural implement business in Brainerd and continued that business in Gresham seven years, being associated with his son Will. He belonged to the Odd Fellows and the Knights of the Maccabees.

## DENIES GOLD FISH SUFFERED

Mike Kepres took umbrage at the story that his gold fish were suffering for want of food. He said they fed regularly on the most approved gold fish diet.

"I also had a turtle and an alligator," said Mike. "The alligator doesn't eat much, about once every three months."

### BROTHER A CARTOONIST

George Ludcke, Brother of Mrs. O. H. Johnson, on Sioux City, Iowa, Journal

George Ludcke of the Sioux City, Iowa, Journal is a cartoonist and business manager of the paper and has done effective work in the war against Germany. Mr. Ludcke is a brother of Mrs. O. H. Johnson of Brainerd.

## ROLL OF HONOR

Yeoman David W. Soderlund, son of Mr. and Mrs. John Soderlund, is spending a ten days' furlough at home. He is stationed at Great Lakes, Ill.

### Worth Their Weight in Gold

No man can do his best when suffering from backache, rheumatic pains swollen joints or sore muscles. B. H. Stone, 840 N. 2d St., Reading, Pa., writes: "For months I was unable to attend to business. I used Foley Kidney Pills and soon the pains and aches were gone. They are worth their weight in gold to me." H. P. Dunn, druggist.—Adv.

# 17 INDICTED IN LUSITANIA CASE

Von Papen and Others Charged With Placing Bombs on Liner Before Sailing.

## PLOT WAS BOLD STROKE

Ill-Fated Vessel Would Have Been Sent to Bottom by Explosives if Not Sunk by Submarines.

New York, Oct. 12.—Charged with placing bombs in the Lusitania and other ships in 1915, Captain Franz von Papen, military attache of the German embassy in Washington, who is now in Europe, and 17 other men have been indicted by a federal grand jury.

Assistant United States Attorney James W. Osborne II presented the evidence to the grand jury. Nine T. N. T. bombs or "Cigars," as they were called, had been placed in the Lusitania's hold just before she sailed on her last voyage in March, 1915. This information was carried to the United States attorney by Martin Isen a German.

Isen stated he was in the office of Dr. Karl Schimmel at 51 Chambers street when the news was flashed of the sinking of the Lusitania by a U-boat. Dr. Schimmel, he declared, rushed about the room tearing his hair and weeping. He quoted Dr. Schimmel as exclaiming: "The fool. He has ruined my work. I had nine 'cigars' planted on the Lusitania. They would have destroyed her before she reached Liverpool."

Confessions Declared Made. The police claim to have several confessions made by men who planted fire bombs on the Lusitania and other ships. These confessions include details of the conspiracy at which the bomb plots were planned. The plotters were even bold enough to store a quantity of T. N. T., said by Captain Tunnay of the police department to be a highly destructive explosive.

Those indicted were Captain Franz von Papen, Dr. Walter C. Scheele, a former chemist; Carl Schmidt, formerly chief engineer of the Friedrich der Grosse; Otto Walpart, Captain von Kleit, Kno Bode, Ernest Beebe, Fred Kaehade, George Fradele and Wilhelm Eardis, assistant engineers of the Friedrich der Grosse; Wilhelm Klein, Eugene Reister, proprietor of a restaurant; Dr. Karl Schimmel, Joseph Zeffert, a printer; Walter Uhde, alien enemy; Bonford Boniface and Captain von Steinberg of the German navy.

## BRITAIN TO STICK BY FRANCE

Promise Made to Fight Until Alsace Is Free.

London, Oct. 12.—Premier Lloyd George, addressing a delegation of insurance committees, declared that the nation's entire thought and energy were taken up by the terrible demands made in defense of liberty and freedom.

He could not think of any statement more calculated to prolong the war than the assertion of the German foreign secretary, Von Kuehlmann, that Germany would never contemplate the making of concessions to France respecting Alsace-Lorraine.

However long the war lasted, said the premier, England intended to stand by France until she redeemed her oppressed children from the degradation of a foreign yoke. This meant that the country must husband its resources, and when demands were put forth for improvements here and there his answer was: "Concentrate on victory."

## Six Slackers Are Sentenced.

Minneapolis, Oct. 12.—There were six slackers in Minnesota county jails Thursday, five of whom will be there for 11 months, for this was the decision of United States District Judge Wilbur F. Booth. The sentenced men were Alfred Tiala, Axel C. Mattson, William C. Sanberg, Ben Anderson and George A. Lousier. L. Vandenberg was given 10 days. He failed to register on the appointed day, but did so subsequently. Most of the convicted men took opportunity to air socialist and anarchistic theories.

# GERMAN REVOLT IS POSSIBILITY

Mutinous Sailors Believed to Have Foreseen Failure of U-Boat Warfare.

## REALIZE NEAR DEFEAT

Armed Opposition in German Fleet Considered Most Significant Fact Since War Broke Out.

Washington, Oct. 12.—By far the most significant happening in Germany since the war broke out is the mutiny in the German fleet.

This opinion is expressed by a leading cabinet member. Germany's sailors know full well whether submarine warfare is a failure or a success, he pointed out. Their mutiny signifies that they realize Germany is nearing defeat.

The navy and state department believe the German mutiny is perhaps the longest stride toward democracy in Germany that has yet leaked out. Officials do not declare that the mutiny signified a general overturn in Germany, but the cabinet member believes the naval mutiny is far worse than is revealed by the German admissions. When sailors throw their captain overboard and head for Norway, things are serious, he pointed out.

## Sure Sign of Trouble.

Discontent among the men of the German fleet is a sure sign of real trouble inasmuch as Germany, like every other nation, looks after its sailors better than the army or any other branch. Further, Germany's navy is under the most rigid discipline in the world.

If the germ of discontent grown in the German navy reaches out to the German public, President Wilson's dream of a Teutonic empire minus Hohenzollernism may be reached far in advance of the date generally expected.

## Piracy Develops Anarchy.

The Kaiser cannot carry on unmerciful piracy and hold his navy in the hands of discipline. Piracy always develops a spirit of anarchy among the pirates. The Hohenzollerns are now providing their navy with a tradition of lawlessness.

## OFFENSIVE SOON TO BEGIN

Allied Drive in Macedonia Believed Near.

London, Oct. 12.—Daily artillery duels in Macedonia with the Allied forces exerting the greater power are increasing, especially in the direction of the Doiran and north of Monastir, and it is probable that at no late date the predicted Allied offensive in this region will begin.

The prospects of a return to heavy fighting in Roumania, with the Russians the aggressors, seem good. On the Roumanian plain and near Biala the Russians have heavily bombarded the Teutonic allied position while the Germans in reprisal shelled the important Danubian town of Galatz, their shells causing several fires.

On the northern sector of the eastern front near Riga, the Germans, after a heavy bombardment pushed back the Russians in the vicinity of Paflok high road.

## Lull on Flanders Front.

Comparatively little fighting activity is in progress on any of the battle fronts except in the nature of reciprocal bombardments.

## NEW YORK EVENS UP SERIES

Captures Fourth Game by Score of 5 to 0—Kauff Hits "Homer."

Polo Grounds, New York, Oct. 12.—The New York Giants evened the count in the series for the world's championship in baseball here Thursday, defeating the White Sox in the fourth game of the series. The count now stands 2 to 2 on the series.

The Chicago battery was Faber and Schalk. The New York battery was Schupp and Rariden.

## Score by Innings:

1 2 3 4 5 6 7 8 9 R. H. E.

Chicago 0 0 0 0 0 0 0 0 0 7 0

New York 0 0 0 1 1 0 1 2 x—5 10 1

## Food Cheaper Under U. S. Control.

Chicago, Oct. 12.—For the third successive day, the provision market Thursday underwent setbacks in prices that were sharp to a degree seldom equaled. In addition to previous breaks, pork dropped more than \$2.23 a barrel, lard and ribs fell \$1.50 or more a hundred pounds.

## North Dakota Woman Kills Husband.

Minot, N. D., Oct. 12.—Mrs. John E. Sullivan shot and killed her husband here yesterday.

## Northwestern Men to Deming.

Camp Dodge, Des Moines, Oct. 12.—Eight thousand national army men from this cantonment will be sent to Camp Pike, Little Rock, Ark., in accordance with the recently announced plan of the war department to fill a division there with the surplus men from seven middle western camps. Three thousand national army men from Minnesota, Iowa and North Dakota will be sent to Deming, and another 1,000 men from Illinois will be transferred to the training camp near Houston, Texas.

## FAILURE WOULD BE FATAL

McAdoo Sounds New Note in Liberty Bond Campaign.

San Francisco, Oct. 12.—William G. McAdoo, secretary of the Treasury, sounded a new note in his campaign for the Liberty Loan here when he warned the nation that should the present or any subsequent issue of bonds fall during the war with Germany the credit of this government would be impaired with disastrous results to the country.

"If the credit of the nation is undermined," the Secretary declared, "what is property worth to the rich man; what is life worth to the free man?"

## BUY LIBERTY BONDS

## BURNQUIST URGES

St. Paul, Oct. 12.—Governor Burnquist has just issued an appeal for all persons who are able to do so to invest in Liberty Bonds and thereby aid in bringing about early realization of a righteous peace. In a letter to Arthur R. Rogers, chairman, the Governor declares that there is no safer investment than Liberty Bonds, and urges their purchase.

## Briton Praises I. W. W. Reporter.

Bisbee, Ariz., Oct. 12.—Any time Harry Wheeler, sheriff of Cochise county, Arizona, who lined up 1,200 members of the I. W. W. and deported them from this city, gets tired of his job he can make a satisfactory connection in Cumberland county, England. Copies of newspapers giving accounts of the I. W. W. affair in which Wheeler figured have reached England, which has been having trouble recently with labor agitators. "We need a man like you," wrote one Englishman to Wheeler.

# YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of frezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new other compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while frezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whitening at his corns, but clip this out and make him try it.

Catarhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.
